Pregnancy to Parenthood— Consistent Education at Every Stage

You know the importance of offering maternal health education that's standardized and cohesive, no matter who is providing the information or which teaching format is used. From pregnancy to parenthood, our *Understanding* curriculum ensures that your patients and clients receive comprehensive, consistent, and clear health information at every point of care.

Injoy's *Understanding* Curriculum:

- Is research-based, expert-reviewed, and updated regularly
- Reduces time and money spent to keep your materials current
- Comes in a variety of media-rich formats for different settings and learning styles
- Meets your organization's health literacy goals
- Promotes your facility's brand and services through customization
- Features diverse, relatable families and authentic stories to engage parents
