OUR CONFERENCE FORMAT

**COVID-19 has taught us so much.
And we've been paying attention.**

The pandemic reminded us about the importance of gathering to **share ideas, learn together, and support each other.**

But it also reminded us that these opportunities aren't easily **accessible** to every one. By adopting new tools and technologies NPA was not only able to **come together in virtual community** - we were able to **grow** that community,

We are committed to building a richer, more diverse association where every one is able to participate.

“ Too often organizations give lip service to diversity, equity, and inclusion. This conference actually did it, walked the walk. I felt seen and validated - an experience I rarely feel at academic conferences and organizations. ”

Our conference sessions are broadcast live. Hosts facilitate real-time interactions, enriching conversations and creating a genuine, dynamic, shared experience.

“ I really appreciate having the opportunity to attend virtually! I have been able to attend and participate in a manner that would have been difficult if we were limited to in-person attendance. I am so very impressed at how the conference was conducted and how technology was used. Any small issues that came up were addressed and resolved immediately. ”
